

President's Message – December 2014

Bernard Jordaan

It never fails, as soon as Halloween is past, out comes the Christmas decorations, in all the major stores. In fact I notice, some stores are running out of display space, for Christmas displays, this time of year.

In North America, it does have its benefits, as when visiting the malls, it takes away from the annual onslaught of the cold and snow.

We are reminded this time of year of GIVING. Thousands of seniors, in this province, give all year round.

Seniors give daily, by volunteering their time and efforts to ensure that many, less fortunate than ourselves, can have a bright light in their daily lives.

Through our efforts and time, we as seniors help contribute billions of dollars annually through volunteering, across Canada.

Thank you to each one of our members, for giving their most valued asset, which is, our TIME

MAY all of you at this time of year, enjoy the peace and goodwill that you so unselfishly deserve.

To all our members celebrating Christmas, have a great festive season. For our members celebrating other festivities this time of year, enjoy the get togethers with family and friends.

***ON BEHALF OF THE BOARD OF DIRECTORS AND MYSELF,
WE WISH YOU A HEALTHY AND HAPPY 2015.***

Seasons Greetings
