

President's Message – April 2017

Bernard Jordaan

"Spring is in the air" What a lovely statement / song, after a typical Canadian winter. Not being a lover of the cold weather, like many of us, as we age, I cannot wait to enjoy those long, lazy days of summer.

In the March Voice, I wrote about the changes at the Ontario Seniors Secretariat Liaison Committee. A further name change since then has taken place. The former OSSLC, will now be known as: Ministry of Senior Affairs Liaison Committee, MSALC.

Ontario will also be celebrating its 150th anniversary this year. Further information, if your club or zone want to organize something special, could be obtained at Ontario.ca/150 or email kelly.johnson@ontario.ca.

As published in the March Voice, May is now our FUNDRAISING MONTH. Whatever funds clubs and zones can raise for the U.S.C.O. will be gratefully appreciated by your Board of Directors.

We are all volunteers, the Board of Directors and the Field Representatives, yet there is a cost to run an organization like ours. Your support is imperative to keep this one of a kind organization, effective, to bring about the necessary changes, to improve the lives of all of our members.

Hope clubs and zones are preparing to send in their resolutions.

Do what you love and love what you do and everything else is detail.

Martina Navratilova - 1956
