

Vice President's Message – November 2017

Muriel Milne

We are now into Nov., and let us all take time to remember all the Men, and Women who have, and who still are sacrificing so much for our freedom.

In late September I was at the USCO office along with President Bernard, and office staff Bev and Maureen to work on the Brief for the Government. This was all the resolutions that came in from clubs and zones, and were passed at the Convention.

There was some excellent resolutions came in for our Convention in Aug., and hopefully you will be jotting down ideas for resolutions for 2018. We have extended the cutoff date to June 15/18 this next year.

I was Chair of Senior of the Year this past year and our committee received some outstanding applications. Many of our members do wonderful work in their own clubs, zones, and communities. Unfortunately we cannot elect everyone.

The one idea that has come out of this is for each zone or club to choose their own Senior of the Year. If you contact the USCO office they will send you a certificate to present at your Annual General Meeting. It is very important to recognize our Seniors, and let them know how valuable they are to our organization.

Wishing every Club, and Zone the very best in your work of Seniors helping Seniors.
