

Vice President's Message – February 2018

Muriel Milne

Happy Valentine's Day, and Family Day to one and all. So far all Ontario is having a good old fashion winter, and hope all are surviving.

I am sure by now all clubs and zones are busy working on projects or just getting together for social times. It is important to get out and keep active.

Remember the USCO is celebrating 60 YEARS this year, and hope a lot of clubs and zones will be able to send delegates to the Convention. If you have never experienced a USCO Convention you are missing out on a good time.

No elections this year, but we would like to see lots of Resolutions. If you do not know how to word them properly, please send your ideas to the USCO office with a contact name, and phone number, and you will get help. Resolutions do work although sometimes it takes time. We did get a response from the Government that the Fluzone High Dose Influenza Vaccine will be available free of charge to anyone 65 and over in the fall of 2018.

I also want to encourage all zones and or clubs to nominate a SENIOR OF THE YEAR. We have some great people in our clubs that really need to be recognized, and you can get a certificate from the USCO office.

Let's make 2018 a great year, and all work for the betterment of Seniors.

*Life is a book in volumes three -
The past, the present, and the yet to be.
The past is written, and laid away,
The present we're writing every day,
And the last and best volume three is locked from sight -
God keeps the Key.
